

## After The Storm

- Never drive through a flooded roadway.
- Stay away from storm-damaged areas to keep from putting yourself at risk from the effects of severe thunderstorms.
- Continue to listen to a NOAA Weather Radio or to local radio and television stations for updated information or instructions, as access to roads or some parts of the community may be blocked.
- Help people who may require special assistance, such as infants, children and the elderly or those with access or functional needs.
- Stay away from downed power lines and report them immediately.
- Watch your animals closely. Keep them under your direct control.
- If you have storm damage to your home or property, call your local SERVPRO® Franchise Professional. Timely mitigation is key to minimize secondary damages caused by severe storms.

## Emergency Supply Kit

### Recommended items to include in a basic emergency supply kit:

- Water (one gallon per person per day)
- Food (non-perishable 3-day supply)
- Manual can opener
- Battery operated radio, preferably a NOAA Weather Radio with tone alert and extra batteries
- Flashlight and extra batteries
- First aid kit
- Whistle to signal for help
- Clothing
- Dust masks or bandanas
- Plastic sheeting, garbage bags and duct tape
- Wrench or pliers to turn off utilities
- Local maps
- Hygiene items
- Important documents such as copies of insurance policies, identification and bank account information
- Cash
- Fire extinguisher
- Matches in a waterproof container
