# PREVENT MEASLES

There is a measles outbreak in central Ohio.

YOU COULD HAVE MEASLES IF:

You had contact with someone with measles.

You visited an area where someone with measles had been.

You have a fever, rash, cough, runny nose or itchy, red, watery eyes.

DO NOT ENTER IF YOU HAVE MEASLES SYMPTOMS.

Contact your health care provider if you think you have measles.

Call Columbus Public Health at 614-645-1519 for more information on measles.

Make sure you are up to date with your measles, mumps and rubella (MMR) vaccine.
